Three-year guarantee for block \*

1086 Bamboo Knife Block Set

See individual products for guarantees

**Features & Benefits:** The Bamboo Knife Block is designed to hold cutlery safely as well as provide an elegant addition to any countertop. It's made of solid bamboo and has 16 slots to hold a variety of knives and shears. The open slots let air flow freely so the knives stay dry, and that prevents corrosion. Non-skid feet allow the block to sit securely on the countertop, yet it also fits comfortably under most kitchen cabinets. The block is designed to store knives blade-side-down, not only for aesthetics, but for safety too. The knife blades will not dull being stored in the downward position.

**Bamboo Knife Block** – Bamboo Knife Block is specifically designed to store The Pampered Chef® Forged Cutlery collection, but can also hold Color Coated Knives and more! Sixteen slots can accommodate a variety of knives and kitchen shears.

**Bamboo Knife Block and Knife Set** – this impressive 11-piece set includes Forged Cutlery, the Bamboo Knife Block, Forged Cutlery Honing Tool, and Kitchen Shears. Eight pieces of Forged Cutlery include 3" Petite Paring, 3.5" Paring, 5" Utility, 5" Boning, 5" Santoku, 7" Santoku, 8" Chef's, and 9" Bread Knives.

**Effective selling phrases:** You might say, "The Bamboo Knife Block provides a convenient and attractive storage option for those who like to display their cutlery in style or keep favorite cutlery at their finger tips."

**Cross-sell with:** Cutting Boards, Finger Guard, Prep Bowl Set, Pinch Bowl Set, other Bamboo products

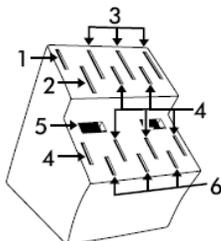

**Booking/Recruiting tie-in:** You might say, "If you're interested in the Bamboo Knife Block Set, let's talk about hosting your own Cooking Show and earning it for free or half-price."

### Cook's Tips:

- Recommend storing knife blades downward. In the downward position, the blade edge faces away from user as it is removed. This is the safest way to remove the knives. Also the handles of the Forged Cutlery Collection are ergonomically designed to fit comfortably into a user's hand.
- When a knife is withdrawn from the slot, it may rub against the block. If this occurs, hone routinely to keep the blade edge aligned for optimal performance.

### Key for The Pampered Chef® Forged Cutlery:

- 1 - One bread knife slot (ideal for 9" Bread Knife)
- 2 - One medium Santoku slot (ideal for 5" Santoku)
- 3 - Three large slots (ideal for 8" Chef's and 7" Santoku)
- 4 - Six medium slots (ideal for 5" Utility, 5" Boning, 3.5" Paring)
- 5 - Two kitchen shears slots
- 6 - Three small slots (ideal for Steak Knife Set, 3" Petite Paring)

**Technical / Safety / Cleaning Tips:**

**Knives and sharp blades can injure you.**

- **Keep fingers away from blades when using and cleaning.**
- **Always keep knives and all other cutting devices stored safely and out of children's reach.**

- Wipe exterior with damp cloth as needed, towel dry immediately. Do not bleach, submerge in water or place in dishwasher.
- Subtle color variations may occur due to natural variations in bamboo and the handcrafting process.

**To store knives:**

- Hand wash and towel dry knives prior to storing in Bamboo Knife Block.
- Carefully insert knife with blade edge facing downwards into slot. Review above diagram for recommended knife and shear placement.
- Although the slots were specifically designed for The Pampered Chef's Forged Cutlery, the Bamboo Knife Block can also accommodate many other knives in the marketplace.
