## Wedding Registry

**Our Registry is BETTER than ANY other registry in the market. I GUARANTEE it!**

Can you name one that gives you free and half priced items?

The Registry works just like our generous host program which offers credits based on total sales. When friends and family make purchases off the registry, the couple starts earning FREE, half priced and significantly reduced products. They also get 10% off their other purchases for a year!!

PLUS, they have a personal shopper (that's me) and the same quality service, products and guarantees that are associated with The Pampered Chef. It's also fast & convenient since purchases can be made 24 hours a day at my website. Items are shipped directly to the Bride & Groom!

**If you or someone you know is getting married contact me today.**

**If you refer a bride that registers with me -- I'll give you a \$25 gift certificate!**

## I bet You'd be Great at This!

**Pampered Chef isn't for everyone, but it is for everyone to try.**

Let's say you sign up & do 6 shows averaging \$300 each. (company average is \$475). 6 shows @ \$300 = \$1800 in Sales. This entitles you to \$414 in commission & a product bonus valued at \$143. So, here's where you stand:

\$493.25	Products from Super Starter kit & Bonus
\$414.00	Commission check
( 90.00)	Less your \$90 Starter kit
\$817.25	Total Product Value & Cash

Okay, in 24 hours you will have earned \$493.25 in products & \$324 in Commissions. Host a show & use your cooking show dollars to get your starter kit for less plus more FREE products AND your six shows booked.
