

Round-Up from the Heart® 2009 Trivet

Each year The Pampered Chef® introduces a limited-edition product to help raise funds for Feeding America®. For 2009-2010, we're offering the Round-Up from the Heart® 2009 Trivet — the fourth in the series. This collectible coordinates with trivets offered through our 2006-2008 Round-Up from the Heart® campaigns.

Donation

For each trivet sold, \$2 is donated to Feeding America®. Here are some examples of what Feeding America® can do with those contributions:

- For every \$2 donation, they ensure a parent can provide lunch for their child for a week.
- For every \$2 donation, they can provide approximately 20 lbs. of food for someone struggling with hunger. That's dinner for two weeks!

We also encourage Cooking Show guests to round up their orders to the nearest dollar or more. Those contributions benefit a local food bank affiliated with Feeding America®. Funds raised make a difference in that community, making Round-Up from the Heart® a national campaign with local impact!
