Fall/Winter 2006

# Sample Product Order Form Information

## Fall/Winter Selling Season

- Our new fall/winter products are available for sale to customers starting September 1, 2006.

## Earning Fall/Winter Samples

- Directors and above had the opportunity to earn two sets of fall/winter products. First, they earned them through the June Sell-A-Thon, which was based on personal commissionable sales for the month of June. Second, they automatically received a collection of fall/winter products when they submitted \$1,250 in personal commissionable sales for each month in three of the following four months: March, April, May and June.
- Directors' fall/winter product kits were based on level 3 of the June Sell-A-Thon.

**Note:** The June Sell-A-Thon packages contain more product than the product sample kits available on this form. Please reference the June Sell-A-Thon flyer provided on Consultant's Corner to view products given at each level. For easier availability, some of the product in the Sell-A-Thon kits is now available under the OPEN STOCK section.

## Ordering Fall/Winter Samples (available through September 30, 2006)

- Only one complete set of items may be ordered. If Package A is ordered, Packages B, C, and D may not be ordered. Package A can not be combined with B, C, or D.
- All orders must include the \$4.00 shipping and handling fee, plus the appropriate sales tax. Sales tax rates can be found under Consultant's Corner on the Web or by calling (630) 261-8528. The \$4.00 fee cannot be combined with any other order.
- Only active Consultants may order the fall/winter product packages.
- The products may not be returned for exchange or refund.
- The fall/winter product packages can be ordered through PamperedPartner® using your Pampered Chef® Proprietary Debit Card in the paperwork/supply or noncommission orders section menu option Sample. Item numbers can be downloaded beginning July 25, 2006.
