

## **Chocolate Butterflies**

Chill a bar pan (or the Rect Server insert) in the freezer. Melt some chocolate. Remove pan from freezer and top with a piece of parchment. Spoon a dollop of chocolate on the parchment and place 2 mini twist pretzels in the chocolate , forming a butterfly. The pretzels should form a V coming up from the pan (it's a 3 -dimensional butterfly). The cold will set the chocolate. Optional: drizzle with white or colored candy coating.
