

ACT NOW ~ DON'T DELAY

If you have been eyeing the Cranberry Deep Covered Baker to add to your stoneware collection, the time to act is NOW! Due to the immense popularity of our newest stoneware piece, demand has exceeded supply and our production quantities are limited.

Rather than discontinue this amazing cooking tool entirely, we will instead offer it as an exclusive selection for our valued hosts and hostesses, effective July 1st.

I invite you to consider hosting a Cooking Show in your home or office, where I can pamper you and your friends with a delicious recipe and handy cooking tips ~OR~ pass around a catalog and collect orders on your own. Either way, you'll still be able to order the Deep Covered Baker with your qualified show... and not only that, but it can be ordered using our generous Host Discount program so you won't even pay full price!

Once our manufacturer's production can meet our demand, we anticipate that the Deep Covered Baker will again become part of our regular catalog offerings. In the meantime, check out the other fantastic pieces in our Stoneware Collection, and see if one of these will become your new favorite!

Want the "covered baker effect"? Try pairing our Rectangular Baker with the Large Bar Pan inverted as a lid! It makes the most tender baked ribs you've ever had!

All of our stoneware is microwave-, freezer-, and oven-safe! It distributes heat evenly and is virtually non-porous so it doesn't retain oils, odors or flavors.

In need of recipe ideas using Stoneware? JUST ASK ME! As always, THANK YOU FOR YOUR BUSINESS AND SUPPORT!
