

You're Invited to a Help Whip Cancer® Fundraiser

Chances are, someone you know has been touched by breast cancer: a family member, a friend, a neighbor. Through the Pampered Chef's annual Help Whip Cancer® program, you can help. Since 2000, this program has raised over \$6 million to fund the American Cancer Society's education and awareness programs, proof that together we can make a difference in the fight against breast cancer.

During the month of May, the Pampered Chef presents its "Help Whip Cancer" Pink Products to benefit programs designed to educate and raise awareness about the importance of the early detection of breast cancer. \$1 from the purchase of each of these products is donated to the American Cancer Society. Please consider purchasing at least one of these products (which you may view online) as a double show of support for

the American Cancer Society's very important work!
