***The fine print:** If you can not attend the party but want to participate, orders and payments must be delivered to me by January 20th. The Mystery Host event works when at least 10 people collect \$100 in outside orders from third parties, before tax and shipping. If show sales are above or below \$1000, the prizes will be based upon the appropriate show level. Prizes can not be applied for any personal orders used in calculating the final Show total. In addition, any out of state orders received will have to be directly shipped so additional shipping charges may apply.
