

Round-Up From  
the Heart® Trivet  
#2937 \$12

## Get Ready to Round-Up

There's an exciting new product to promote the 2006-2007 Round-Up from the Heart® campaign: the **Round-Up from the Heart® Trivet**.

This trivet has a brushed copper finish that will complement any décor. Use it on the tabletop or hang it on the wall as a beautiful decoration. Rubber feet protect surfaces from heat and walls from marks.

As a Consultant, you can obtain your new trivet for free to display at your fall Shows. Beginning mid-August, it can be ordered as a write-in on paperwork/supply (#ES48). There is a limit of one per Consultant, but you can order yours at any time during the year (Aug. 15, 2006, through July 31, 2007). Even though this item is free to you, we'll still make our donation to America's Second Harvest. Please see upcoming Weekly Bites for more details.

**Plus, there's even more exciting news!** In addition to offering a new product, we're also **doubling our donation!** For each trivet sold, two dollars will be donated to America's Second Harvest. As always, customers can contribute to the campaign by rounding up their orders to the nearest dollar or more.

Encourage your guests to be among the first to own the new Round-Up from the Heart® Trivet.
