

# Pamper your Potato Party

It's time to elevate that simple spud to the main attraction of the party! Pamper your Potato is an interactive party where guests get to build their own stuffed spuds into culinary works of delight!

We will cook the potatoes on stoneware in the oven and create a buffet spread of a variety of toppings that guests can use to make their signature stuffed potatoes. The toppings are sure to please everyone as we offer everything from veggies and cheeses to meat. (Do I hear bacon?)

It is not just a potato. It's a meal. It is a canvas for yumminess. It's a party!
