

# Wrap It Up!

The Pampered Chef® has gift-giving solutions for everyone on your list! You can pair products together, include a recipe or even create your own gift basket.

## Stir It Up

Our **Professional Casserole with Lid** filled with the dry ingredients for *Cowboy Chili Mix* (see recipe on next page) is a unique gift idea for people looking for warm and hearty meals during the winter months. Layer the dry ingredients in a cellophane gift bag, secure the bag with a bow or **Twixit! Clip**, attach the recipe and place it inside the casserole. Then, tie a **Nylon Ladle** to the top of the lid for the perfect finishing touch.

## Bake It Up

Homemade baked goods are always popular during the holidays. Gather the dry ingredients for *Harvest Pumpkin Bread Mix* (see recipe on next page) and layer them in a cellophane gift bag. Set the package inside the **Stoneware Loaf Pan**. Decorate the pan with colored cellophane and attach the recipe with ribbons or a Twixit! Clip.

## Mix It Up

Create your own gift basket to suit anyone on your list. Nestle the **Simple Additions® Rectangle Platter** inside the **Woven Rectangle Tray** and fill it with candles, bath salts and a seasonal hand towel or potpourri mix. Or, step into the kitchen and fill the

tray with an assortment of crackers and cheeses. Add the **Stainless Serving Picks**, **Cheese Knife** or our new **Spreader Set** as a wonderful complement. **Good Company® Coffee** and holiday cookies would also make a nice pairing for the platter.
