

Recruiting Rolling Contact List

Photocopy this form or use a simple spiral notebook for your Recruiting Rolling Contact List. Record the name and telephone number of each new lead. Note the date of your first contact and where you met, and log the dates of follow-up contacts. You can keep more detailed information about your conversations on the Potential Recruit Information Form (on the Printable Materials CD) or in PamperedPartner® Plus Contact Management.

Refer to the list at least weekly to determine which leads you need to call, and to record follow-up dates again if necessary. Highlight the names of those who become Pampered Chef® Consultants .
