

Give Thanks

With The Pampered Chef®

Make The Pampered Chef part of your Thanksgiving tradition! From Stoneware to Simple Additions®, we have everything you need to prepare a delicious meal for friends and family and present it with elegance.

Decorative linens are a simple way to create an inviting atmosphere that makes everyone feel welcome. Try these creative ideas to add a touch of fall to your Thanksgiving dinner table.

Chair Cover Featuring the Cranberry & Sage Jacquard Towel Set

Add warmth and style to your Thanksgiving table with easy-to-make chair covers:

1. Sew Cranberry & Sage Jacquard Towel to one side of a pillow case at side seams in a coordinating color.
2. Slide pillow case over chair back, with towel facing out.
3. For a finishing touch, tie a ribbon around the slip cover once it's on the chair.

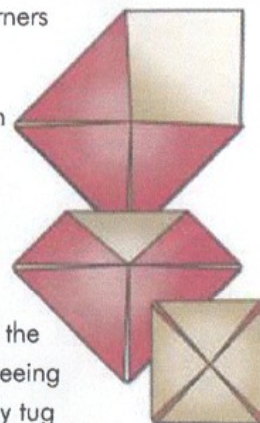

Water Lily Napkin Folding

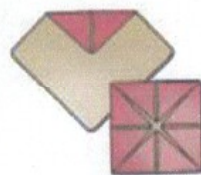

Create these lovely accents using square, seasonal napkins:

1. On a flat surface, fold each of the corners to meet in the center. Fold the corners to meet in the center a second time.
2. Place one hand over the folds to hold them in place and gently turn over the napkin. With the folds on the underside of the napkin, fold the four corners to the center of the square.
3. Use the fingers of one hand to securely hold two adjacent center points. Use the fingers of the opposite hand to bend up the outer corner, freeing a point on the underside of the napkin. Gently tug the loose point, folding it over the corner to form a lily petal. Continue with the remaining three corners to form the inner petals of the water lily.
4. Hold the center of the water lily with the fingers of one hand. Reach between two inner petals to the underside of the water lily, and gently pull one point at a time to the outer edge of the lily, encircling the inner petals made in Step 3, for a completed water lily.
