

# A Bouquet of Spring Ideas

House-warming gifts, birthday presents and even your own kitchen take on the warmth of spring with these bright ideas.

## Citrus Towel Apron

Here's how to make this simple and creative apron, sure to add a splash of color to your kitchen:

1. Select ribbon  $\frac{3}{4}$  of an inch in width.
2. Measure waist with ribbon to decide appropriate length, making sure to leave enough extra ribbon to tie in a bow; cut.
3. Sew ribbon along the length of the seam side of the towel, running it evenly across so that apron strings are even on each side.

## A Pitcher-Perfect Present

- Remove lid/plunger from pitcher.
- Set the Good Company® Tea tin in the bottom of the pitcher.
- Return the lid/plunger to the pitcher.
- Pull the pitcher's plunger handle all the way up.
- Slide lid up handle, leaving bottom of plunger resting on the tin.
- Fill small plastic bags with your favorite cookies, scones or mini-muffins and tie the bags closed with bright ribbons.
- Set bags in pitcher on top of plunger base and slide lid back down into place.
- Tie a colorful bow onto the exposed part of the plunger, and you have a unique, two-layer gift pitcher!
