

## *Cooking Show Seasonal Recipe Options*

*Thank you so much for hosting a cooking show! It will be so much fun! Below is the list of recipes that I am making this season. These recipes work best to display the Pampered Chef tools that will help increase sales at your show! Just let me know which recipe you would like me to make at the show. Please let me know if any of your guests have food allergies. If you have 15 or more guests RSVP I will bring a complimentary item already made to your show! This means even less for you to do! So don't forget to encourage your guests to bring a friend!*
