

Holiday Warmth

Gathering together during the holidays is always a special event. Here are a few ideas to bring warmth to your table as you welcome friends and family into your home.

Set A Place for Color

- Our **Simple Additions® Entertaining Set with Striped Platter** and **Striped Medium Bowls** are perfect serving dishes. Fill with your family's favorite sides, like potatoes, fresh fruit or cranberry jelly.
- Tuck the white **Rectangle Platter** into the new **Woven Rectangle Tray** with candles, gourds, mini pumpkins, bittersweet or other decorative branches to create a no-fuss centerpiece. Or, line the tray with one of our **Leaf Napkins** and pile in the rolls.
- Bring the colors of the season to your table with our **Reversible Table Runner** and **Placemat Sets** and **Leaf Napkin Set**. Pair the napkins with our **Leaf Napkin Rings** for an extra addition sure to wow your guests.
- Small touches like folded napkins (see directions for Bishop's Hat fold on next page) make guests feel welcome and special, and give your table professional-looking flair.

Name, please

- Add interest to your dinner table in a fun and inexpensive way by using pears to hold place cards at each person's seat. Simply slice the top of the pear (behind the stem) using the **Paring Knife** and slide the card into place.

Center of Attention

- Centerpieces can add color, set the mood and provide a lovely focal point both before and during the meal. When deciding on a centerpiece, create one that highlights the colors featured in your dishes and linens. For example, use flowers and foliage that complement the **Striped Simple Additions®** pieces, tying everything together nicely.
