

Shower Brides With Pampered Chef® Gifts

April showers bring May flowers, but wedding showers bring the perfect opportunity to pamper brides-to-be with Pampered Chef® products!

Woven Selections™ Gift Basket

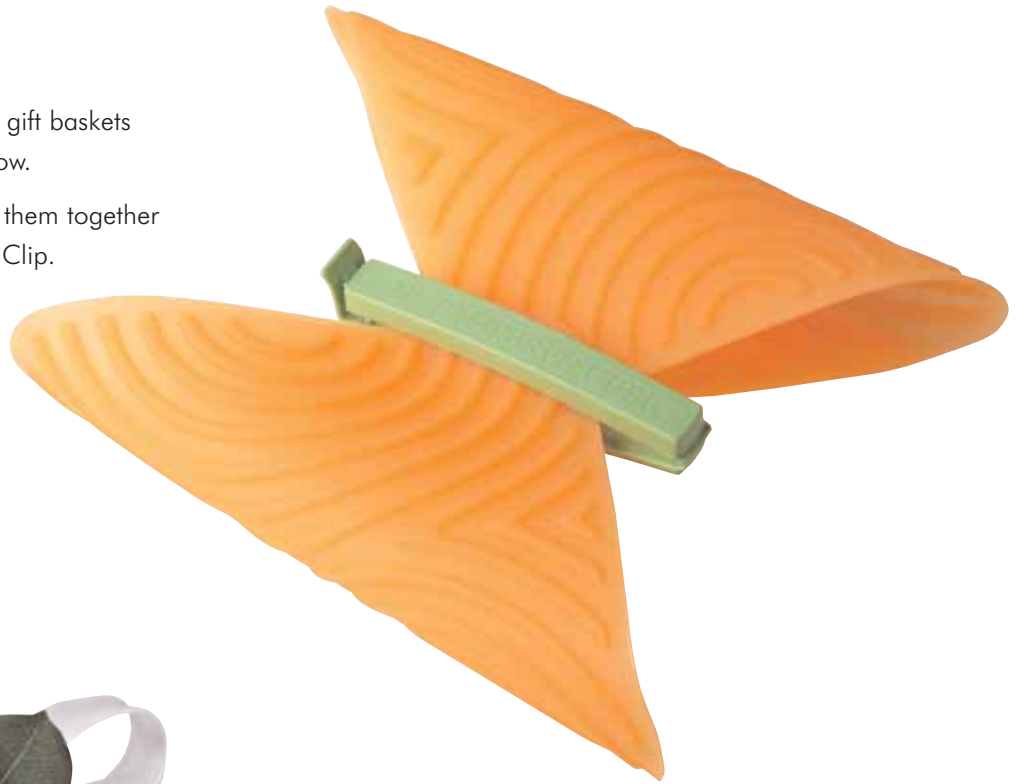

The Woven Large Square Server and Woven Rectangle Server make perfect gift baskets for special occasions. Line the server with one of the towels from the Citrus Striped Towel Set and fill it with Pampered Chef® products sure to pamper any bride. For example:

- Unique Hot Pad/Trivet butterfly (See below for instructions.)
- Citrus-colored Classic Scrapers tucked inside the second Citrus Striped Towel and tied with ribbon
- Citrus candies wrapped in cellophane and secured with lemon-, lime- and tangerine-colored Twixit! Clips
- Lemon & Rosemary Hand Soap & Lotion Set
- Lemon & Rosemary Candle
- Lemon & Rosemary Sink Fizz

Trivet Butterfly

This easy-to-make butterfly adds interest to gift baskets or makes a fun box topper in place of a bow.

- Fold two trivets into triangles and secure them together at the center points using a Large Twixit! Clip.

Stack It Up

Like a tiered wedding cake, our bowl sets and Simple Additions® pieces stack up perfectly to honor the bride and groom. Fill the bowls with other small products such as the Wine Bottle Opener or seasonings from our Pantry collection.

- **Stainless Mixing Bowl Set**

This new set makes a dramatic gift. Put the lids on the bowls to enable stacking, and then tie a wide ribbon around the stack. Tie silk flowers into the bow for a lovely finishing touch.

- **Simple Additions®**

Mix, match, pile and stack an assortment of pieces to create a unique gift. Try the Small Bowls, Medium Bowls, Small Squares and Medium Squares, which are all sets of two — perfect for the happy couple.

- **4-Piece Colander & Bowl Set and Lid Set**

These products are another fun gift-giving option. Alternate items so the colanders rest on the covered bowls; tie with colorful ribbon. Criss-cross the Stainless Serving Fork and Spoon and tie together with silk flowers and ribbon for a unique way to top off the tower!
