

# Think about it . . .

## What would I have to do?

Hosting a party is really easy. If you choose a regular party, you would have to:

- Tell everyone about the party and send out the invitations.
- Collect any outside orders with payment, remembering to ask if they want to host their own show!
- Provide plates, cups, forks or spoons, and something to drink. (Unless we've made other plans, I'll be bringing a dish already made. There's no cost to you, and your guests can begin eating when they arrive.)
- Make out your wish list.
- Have lots of fun!

If you choose a catalog party, you would have to:

- Tell everyone about your party.
- Collect the orders with payment, remembering to ask if they want to host their own show!
- Choose your free stuff.
- Have lots of fun!

# When could I have my party?

Well, what works best for you?

- You can have it on a weekday and do a brunch party.
- You can have it on a weeknight and have a yummy dessert or a great savory dish.
- You can have it on a weekend and just go crazy.

There's really no best day or time. It really depends on your calendar and what works best for you.

## What's in it for me?

Well, that depends. Besides lots of fun with your family and friends, there are our great Host Benefits. Our Host Benefits are based on guest sales (before shipping & handling and tax). For a regular party . . .

**Sales even higher? Add \$25 free for every \$100**

\*This is what my average host earns.

**Half price?** That's right. You can choose anything in the catalog and cut the price in half. We even have special sets listed in the back of the catalog. These let you get multiple items using up just one of your half-price item.

**That's not all.** You also have the opportunity to take advantage of our monthly Host Specials. Usually these are 60% off the regular retail price.

**Free is exactly what it says.** We'll add up what you want (minus your half-price items and Host Specials) and subtract that amount. You can choose anything in the catalog.

**What about the discount?** Well, after we've subtracted your free amount, we subtract the discount. You'll be shocked at how much you get for how little you pay.

**What if I do a catalog party?** To figure out your Host Benefits, just subtract \$15 from the free amount.

**By the way,** our hosts never pay shipping and are charged tax only on the amount they pay.

## What happens after the party?

First, we'll close your party. You can choose to do it that night, or you can have a few days to collect a few more orders.

A week or two after we close your party, you'll receive the products. You'll bag them up and deliver them to your friends.

After that, you'll have fun using your new tools.

## What if there's a problem?

It's rare, but sometimes a product is damaged in shipping. If that happens, you'll let me know right away. The Pampered Chef will pick up the damaged item and deliver a new one right away.

They'll do the same thing (within the first 30 days after the party) if you or a guest gets something and isn't pleased with it.

Of course, all of our products are fully guaranteed for at least one year.

**Cool! I'm ready  
to host a party!**

Great! You won't be sorry. You can give me a call, or send me an email, or let me know when I give you a call to check on you.

**No thanks.  
It's not for me.**

That's no problem. Just let me know when I call. I hope you'll keep me in mind for any Pampered Chef needs you might have in the future.
