

TWIXIT CLIPS?

*A bag of salad won't turn brown
and cereal won't spill if upside down.
Brown sugar won't get hard like rocks
and in the laundry you won't lose socks.*

*Clip the loaf of bread, so nice
and French Fries won't be frozen ice.
Store your clothes in a bag then clip,
and definitely on potato chips*

*Bags of nuts you didn't eat
and candy that's a special treat.
Half used bags of everything
like noodles, marshmallows and other things*

*Clip your toothpaste to squeeze it right --
eliminate a family fight.
I clip my sugar and if you bake,
the dry milk and yeast bag is another take*

*If that isn't enough uses for you,
tell me what YOU would do.*
